National Fentanyl Prevention & Awareness Day

Good morning Eagles (insert school name or mascot here)! This week is National Fentanyl Prevention & Awareness Day. Fentanyl is the single deadliest drug threat our nation has ever encountered. Fentanyl is everywhere. We are dedicated to educating our students on the serious dangers of fentanyl poisoning from fake pills and other illicit drugs. Synthetic opioids like fentanyl kill over 150 people every day.

We believe in your ability to refuse to engage in risky behavior and never take drugs. Protecting your frontal lobe is not just your job. We are here to help. You will have the opportunity to learn more _____ (insert text from checked boxes below).

- From your counselor, teacher, or nurse
- During the homeroom or advisory class activity
- At the information table in the library, lunchroom, or (other public area)
- In this week's health classes
- In the KnowYourNeuro.org website
- Other _____
