October

National Bullying Prevention Month

Dear Eagles (Insert School Name or Mascot Here) Family,

Good morning Eagles (insert school name or mascot here)! October is National Bullying Prevention Month. In the past few years, schools throughout the US have experienced increases in bullying and acts of hate. Not in our school. When hate is on the rise, our greatest challenge is to stop bullying and move toward creating a welcoming, safe, and inclusive school.

In the name of transforming our school into a safe and inviting community for all students, you will have the opportunity to learn more _____(insert text from checked boxes below).

- From our counselor, teacher, or nurse
- During a homeroom or advisory class activity
- At the information table in the library, lunchroom, or (other public area)
- In this week's health classes
- In the KnowYourNeuro website
- Other _____

Bullying peaks in the 7th grade when the brain's empathy center, the frontal lobe, is just starting to come online. Use this month's theme as an opportunity to set your expectations regarding how you want your children to handle bullying when they see it. Get more information at www.KnowYourNeuro.org.
