

# Family Communication

## February 11

## Safer Internet Day

---

Good morning Eagles Family (insert school name or mascot here). Today is Safer Internet Day which aims to not only create a safer internet but also a better internet, where everyone is empowered to use technology responsibly, respectfully, critically and creatively.

We are challenging students to explore digital dangers and if they are more likely to engage in risky behavior online due to anonymity. You and your children will have the opportunity to learn more \_\_\_\_\_ (insert text from checked boxes below).

- ☐ From our counselor, teacher, or nurse
- ☐ During a homeroom or advisory class activity
- ☐ At the information table in the library, lunchroom, or (other public area)
- ☐ In this week's health classes
- ☐ In the KnowYourNeuro.org website
- ☐ Other \_\_\_\_\_

Talking to your children about digital dangers is as, if not more important than discussing drugs and alcohol. Find out how digital dangers effects children and teens today at [KnowYourNeuro.org](http://KnowYourNeuro.org) and build in language regarding internet safety and digital citizenship into your family code.

For questions or more information, please contact me.
