

# Morning Announcements

## March 16-22

## National Inhalant and Poisons Awareness Week

---

Good morning Eagles Family (insert school name or mascot here)! The third week in March is National Inhalant and Poisons Awareness Week. This prevention week focuses on providing education, resources, and information on risks of inhalant use. Almost every home in America has items in it that can be potentially poisonous or dangerous.

One hit of an inhalant such as solvent or aerosol spray can cause nausea, disorientation, limb spasms, loss of consciousness, asphyxiation, and even death. What can you do to protect you brain from inhalants and poisons! You will have the opportunity to learn more \_\_\_\_\_ (insert text from checked boxes below).

- ☐ From your counselor, teacher, or nurse
- ☐ During the homeroom or advisory class activity
- ☐ At the information table in the library, lunchroom, or (other public area)
- ☐ In this week's health classes
- ☐ In the KnowYourNeuro.org website
- ☐ Other \_\_\_\_\_
